Mixing it up in Adelanto with Bill Scott, Owner of Scott Turbon Mixer

Rotary's off-site visit to member Bill Scott's manufacturing facility was nothing less than amazing. Bill refers to his business as one of the "little guys", but there's nothing little about the magnitude of the mixers he designs and builds in his Adelanto location. The first thing Bill stressed is how difficult it is to get good blue collar employees (welders and machinists). He implored the business people of the Rotary community to be aware of this, and to encourage our youth to think of the trades as a career, and show them the many opportunities available through some type of formal program. Prior to getting out into the plant and seeing these mixers "on steroids", Bill gave some history on his business, which started in 1980. His specialty is high speed mixers, concentrated in the food, pharmaceutical, cosmetic, and dairy industries. He works with many of the smaller companies; however, his focus on emulsions (salad dressings) has brought many clients with huge market shares, such as Ken's Salad Dressings. The mixers at Scott Turbon Mixer can mix at an astounding speed, and Bill says they do more

things better and faster than the standard mixer in the industry. It was a fun and fascinating off-site for our Rotary Club, and we thank Bill for the education on mixer technology!

Steve Sez...

Welcome back to President **Steve Murray**, who has been vacationing for two weeks! The meeting was run a bit backwards, with raffling and fining preceding the speaker. We enjoyed a delicious lunch catered by Out of This World BBQ, followed by a tour of Bill Scott's operation conducted by himself and Chief Engineer, Chris.

Steve asks that members be sure and check their information in the Club directory that's going around at meetings and update anything that needs changing. The new directory will be ready for printing very soon.

Rotary Plastic Surgery = "Rotoplast", is the project that does life changing surgeries in children all over the world. Our Club has committed dollars, and **Steve** encourages members to donate. This year's mission is in Guatemala, and a clipboard is being passed around at meetings.

LUCI Lights are becoming colorful! Get your's now; this is a great fund raiser and they make great gifts!

Steve took the opportunity to thank those members who helped out during his absence to make our meetings continue to run without a hitch.

Monthly awards are available to Rotarians for bringing guests. We have great speakers lined up, so any week is a great time to invite a potential Rotary Club of Victorville member!

Next week will be especially fun, as our speaker is a "Major League Prankster", and promises to share his baseball stories from his 20-year major league career... you won't want to miss this one, and you may want to bring a guest!

FINE & RAFFLE SESSION:

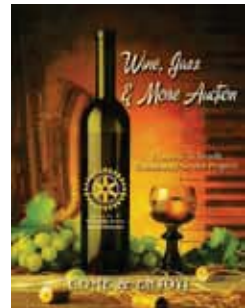

Mark Taylor was back as Finemaster, and offered kudos to **Caroll Yule** for her rise to celebrity status with her "5 Fast Facts" video, so no fine for **Caroll**, however, **Mark** levied a fine to **David North**, timed perfectly for his late arrival-\$10.

Nice raffle prizes today: The \$25 **Midway Home Solutions** Gift Card was won by **Rob Kilpatrick**; **Caroll Yule** brought some sweets: **Jeff Salkin** won Snicker Bars, **Marilyn Buttelerwerth** took home Toffee Nuts, and **Terry Caldwell** won some candy also. Five Mavericks Tickets from **DCB** went to **Don Lager** (season ticket holder), who re-gifted them, and they ultimately went to **Mark McKay**. **Caroll Yule** had an opportunity to pick the lucky dice, but came up short; Sorry, **Caroll**.

"Historically, dice is the plural of die, but in modern standard English, dice is both the singular and the plural: throw the dice could mean a reference to two or more dice, or to just one. In fact, the singular die (rather than dice) is increasingly uncommon."
