Ka-BOOM..Let's Go Play!

Last year **Janie Lynch**, the Recreational Supervisor and Healthy Communities Coordinator for the City of Victorville, spoke to the Club about upgrades the City was looking to make to our local playgrounds, but she put her words into action with the Ka-Boom, Let's Play Grant Project.

Let's Play is a community partnership led by Dr Pepper Snapple Group to get kids and families to play nationwide. They believe that the key to healthy living is managing calories in and calories out. The goal is to help families achieve that balance by providing the tools, places and inspiration to make physical activity a daily priority.

Janie and her staff took advantage of a video contest that awards winners of the contest in which youth-serving organizations and schools across the country are encouraged to submit videos of their used, worn-out sports equipment for the chance to have it replaced with brand-new sports equipment. The grants range from \$1,000 in brand-new equipment all the way up to a grand prize of \$15,000 in new playground/sports equipment.

The team focused their efforts on Schmidt Playground located at the former George Air Force Base. They chose that location because there are no other playgrounds around it, and it is heavily used by local sports teams, families, churches and service organizations. With a location and

a vision, it was then time to create the video and write the grant, with only a two week window.

Using City staff, friends, and family members over two days to shoot the video was the easy part. While the video was being edited, the team worked on writing the grant, create site plans and arrange plans for fundraising.

After everything was completed, the word came back that they were a top 10 finalist in the competition, which then went to social media for the public to vote on the best video. After a six day campaign, Janie and her staff won the grand prize and received a \$15,000 grant for the park!

After going through four different webinars on the requirements that City needed to receive the grant, three manufactures have made their designs, and at this year's Fall Festival, the public can come to the City booth and take a "Dot Survey" and place a sticker on their favorite design.

Construction of the park should begin early 2018, with an expected completion in the Spring.

Dwight's Writes

This week was what I would call a "kid-friendly" Rotary meeting, with our first S.T.A.R. Student Awards for the school year, but to also have **Janie Lynch** speak on the new playground at Schmidt Park was a perfect tie-in.

This week **John Kroencke** presented a check in the amount of \$500 from the Club to Victorville Librarian **Karen Everett**, for speaker books throughout the next year.

Wine, Jazz and More is right around the corner and **Rosanne Weathers** and her committee have tickets on hand to sell at \$50 each. Please take 10 and sell throughout the community.

Ben Tafoya gave an update on the Grant the Club put together for the Ensenada Water Tanks. The Grant now has a whopping \$51,501 attached to it, thanks to supporters like **Sam Grandlienard, Russ Stringham** and **Steve Murray**. This is now our most successful project to date!

Finally, my thought of the week is "The highest reward for a person's toil is not what he gets for it, but what he becomes by it."

- John Ruskin

Finally, Ryan gave **Al Castellucci** a \$10 fine for having to hear his story on opening and closing military bases at their table for the 10th time!

Spoon of Exemption

Jim Cox, Mayor Pro Tem for the City of Victorville shared more information on the half cent sales tax that will be on the ballot on November 7th. Earlier in January, the Fire Chief told the council that they were in need of 15 new firefighters and paramedics, upgraded equipment and help to keep stations open. If the Measure passes, all of those needs will be met, plus the City will be able to hire 10 additional police officers as well.

S.T.A.R. Students

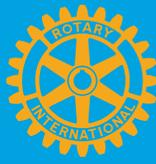

This week was our first S.T.A.R. Student Awards for the new school year, and VESD Asst. Superintendent **Maureen Mills** was on hand to emcee the proceedings and joining her to hand out certificates were Victorville **Mayor Gloria Garcia**, **Chris Nunez** from Jay Obernolte's office, **Wasey Noori** from Congressman Cook's office and **Regina Weatherperson-Bell** from Supervisor Robert Lovingood's office.

From the Irwin Academy of Performing Arts, **Julianna Page** was recognized for improving in her school work, even after having to overcome a tragedy in her life. **Marco Felix** has become very involved with school activities this year and has a big love of science. Finally, **Kimberly Castro** plays flute in the marching band and shows perseverance to make sure she understands her schoolwork.

Over at Park View Prep, **Dallas Rush** has perfect attendance so far this year and always comes to school prepared to work hard and study, and **Xavier Grace** has a great

attitude and continues to show strength in academic areas, plus wants to be a business owner someday!
